

Francesco Longo

Born in Patti (ME) (Italy) on 04/01/1978

Tel.:

Fax:

e-mail: francesco.longo@szn.it

Skype:

Current Position: Research fellow

Supervisor: Pietro Battaglia

Appointed on project: PO FEAMP Campania 2014/2020

Affiliation:

Section IME, Stazione Zoologica Anton Dohrn, Napoli (Italy)

Education/Training/Experience

Institute and Location	Degree / Function	Year	Field of Study
University of Messina, Italy	Master (Laurea)	1997-2005	Biology Sciences
University of Messina, Italy	Research fellow	2007-2009	Fishery management and resources
Stazione Zoologica Anton Dohrn (SZN), Messina, Italy	Research fellow	2019-present	Fishery management and resources

Publications

Author of 6 publications on ISI-journals

List of publications of the last 10 years:

Journal Papers

Bottari, T., Profeta, A., Spanò, N., Longo, F., & Rinelli, P. (2017). New Host Records for the Marine Fish Ectoparasite *Argulus vittatus* (Crustacea: Branchiura: Argulidae). *Comparative Parasitology*, 84(1), 64-66.

Pedà C., Battaglia P., D'Alessandro M., Laface F., Malara D., Consoli P., Vicchio T. M., Longo F., Andaloro F., Bainsi M., Galli M., Fossi M. C., Bottari T., Greco S., Romeo T. (2020). Coupling

gastro-intestinal tract analysis with an airborne contamination control method to estimate litter ingestion in demersal elasmobranchs. *Frontiers in Environmental Science*, 119.

Malara D., Battaglia P., Consoli P., Arcadi E., Longo F., Stipa M. G., Pagano L., Greco S., Andaloro F., Romeo T. (2021). When opportunistic predators interact with swordfish harpoon fishing activities: sharkdepredation over catches in the Strait of Messina (central Mediterranean Sea). *The European Zoological Journal*, 88(1), 226-236.

Malara D., Longo F., Romeo T., Stipa M. G., Andaloro F., Battaglia P. (2021). Age and growth of pompano, *Trachinotus ovatus* (Linnaeus, 1758), from the Strait of Messina (central Mediterranean Sea). *Scientia Marina*, 85(3), 175-185.

Longo F., Malara D., Stipa M. G., Consoli P., Romeo T., Sanfilippo M., Abbate F., Battaglia P. (2021). Age, Growth and Otolith Microstructure of the Spotted Lanternfish *Myctophum punctatum* Rafinesque 1810. *Journal of Marine Science and Engineering*, 9(8), 801.

Pedà C., Longo F., Berti C., Laface F., De Domenico F., Consoli P., Battaglia P., Greco S., Romeo T. (2022). The waste collector: information from a pilot study on the interaction between the common octopus (*Octopus vulgaris*, Cuvier, 1797) and marine litter in bottom traps fishing and first evidence of plastic ingestion. *Marine pollution bulletin*, 174, 113185.
