

CURRICULUM VITAE

Surname: D'ONOFRIO
Name: GIUSEPPE
Nationality: Italian
Place and date of birth: Naples, July 20th, 1955
Address: Stazione Zoologica A. Dohrn
Villa Comunale - 80121 Napoli - Italy
e-mail giuseppe.donofrio@szn.it
Tel. (39) 081 5833311/Fax (39) 081 7641355

Position: Permanent researcher (II° Level)

Education

1974 -1979 Undergraduate Studies at the University of Naples
Degree (Laurea) in Biological Sciences "cum laude"
Thesis: High turnover cerebral DNA.

Foreign Languages English and French

Research experience

1976-1981 - Research fellow at the I.I.G.B. (International institute of Genetics and Biophysics) of Naples, under the supervision of Prof. A. Giuditta.
Research subject: the role of nucleic acids in rat brain during deprivation of paradoxical sleep.

- Guest research associate at the Neurobiology Institute of Göteborg (Sweden), under the supervision of Prof. H. Hydén.
Research subject: synthesis of DNA in rat brain during learning.

1983-1988 - Research fellow at the Stazione Zoologica A. Dohrn of Naples, Dept. of Biochem., under the supervision of Dr. A D'Aniello and Prof. J.M. Denucè (Nijmegen, Holland).
Research subjects: biological roles of D-amino acids and D-amino acid oxidase in *Octopus vulgaris* and effect of ions on the hatching of *Loligo vulgaris* embryo.

- 1989 - 1992
- Permanent researcher at the Stazione Zoologica A. Dohrn of Naples.
 - Fellowship at the Laboratory of Molecular Genetics,
Institute J. Monod , University of Paris VII, Paris (France),
directed by Dr. G. Bernardi.
Research subject: Organization and Evolution of Human Genome -
- 1993
- Fellowship at the INSERM U321, Hôpital de la Pitié, Paris (France)
directed by Dr. M.J. Chapman

Research subject: Cloning and Expression of the Lp(a).

- 1994-1997 - Stazione Zoologica A. Dohrn of Naples
Dept. Marine Biology directed by Dr. D. Marino
Research subject: evolutionary aspects of Dinoflagellates
with particular attention to the family of Calciodinellacee.
- 1998 - 2007 - Stazione Zoologica A. Dohrn of Naples
Laboratory of Molecular Evolution directed by Dr. G. Bernardi
Research subject: Genome organization and evolution of deuterostome genomes.
- 2008- 2015 - Stazione Zoologica A. Dohrn of Naples
Research subject: Testing the metabolic rate hypothesis for DNA base composition variability among marine organisms.

Organizational and Scientific Coordinations

- 1989 Instructor for the Training course on "Biotin labelling in the detection of DNA"
University of Harare (Zimbabwe)/ (**UNESCO**)
- 1996 – 2007 Member of the PhD Committee SZN (**OPEN University**) - Naples -Italy
- 2003 Director of Bioinformatics course (**ICRO - UNESCO**) Naples -Italy
- 2004 – 2007 Officer of the International Union of Biological Science (**IUBS**)
<http://www.iubs.org/iubs/pastboards/2004board.html>
- 2008-2015 Member of “Collegio dei Docenti”, Bioinformatic course –
University Federico II (Naples -Italy) –
- 2012 **EMBO** Practical course: Bioinformatics and Comparative Genome Analyses –May 7th-13th Naples (Italy)

Invited Speaker

- 2001 Symposium "Chromosomes: Structure, Function and Evolution", Puntarenas - Costa Rica
- 2002 The First Waterfront Symp of Human Genome Sci. (WASH), Tokyo - Japan
- 2004 STRAPP04:Molecules, networks, populations, Dresden - Germany
- 2004 Bioinformatics for Genome Analysis, Kolkata – India
- 2005 ICRO-UNESCO-EMBO International Workshop, San Jose -Costa Rica
- 2005 6th Anton Dohrn Workshop Evolutionary Genomics, Ischia – Italy
- 2007 Y3 – The third Yamaha Symposium, Hayama - Japan
- 2009 ISMG2009 – Okinawa - Japan

Tutor

- 1996 - 1998 E. Busico Thesis: 5.8S gene: a useful tool to infer phylogeny among Dinoflagellates
- 2006 - 2007 E. Bruno Thesis: Gene structure and functional role of Dbx1 in deuterostomes
- 2007 - 2010 L. Berna' PhD Thesis: Genome comparative analysis of deuterostomes
- 2009 - 2012 A. Chaurasia PhD Thesis: Functional Classes of Genes in Fish and Mammals
- 2011 - 2015 A. Tarallo PhD Thesis: Habitat e Genoma negli organismi marini
